Polychrome

Granite

For decades, Polychrome granite has been a preferred choice for large-scale projects due to its warm brown tones and medium-grained structure.

Finishes

Different finishes have an impact on the stone’s texture and color. Techniques such as flamed or waterjet finishes enhance the stone's natural grains, adding distinct texture and depth.
Several other finishes are available. The Technoprofil team has the expertise to advise you on the finishes best suited to your projects.
