White Mount Airy

Granite

White Mount Airy granite, an iconic American stone, is characterized by its soft white background accented with fine, evenly distributed gray mineral inclusions. Its uniform texture and proven durability make it a preferred choice for interior and exterior architectural projects, combining elegance with reliability.

Type of Stone	Granite		
Source	Mount Airy, North Carolina, U.S.A.		
Available Finishes	Polished, Honed, Antique, Flamed, Sandblasted, Waterjet, Bush Hammered, Axed, Combed, Smooth, Stipple, Rock Face		
	ASTM	**Imperial**	**Metric**
Absorption by Weight	ASTM C97	0.23%	0.23%
Density	ASTM C97	164.9 lb/ft^3	2 641.44 kg/m^3
Compressive Strength	ASTM C170	25 300 psi	174.43 MPa
Modulus of Rupture	ASTM C99	1 900 psi	13.10 MPa
Flexural Strength	ASTM C880	2 300 psi	15.85 MPa

Finishes

Different finishes have an impact on the stone’s texture and color. Techniques such as flamed or waterjet finishes enhance the stone's natural grains, adding distinct texture and depth.
Several other finishes are available. The Technoprofil team has the expertise to advise you on the finishes best suited to your projects.

Honed

Polished

Flamed

Sandblasted

Waterjet

Split-Face
